

Impact Lightbox Backlit Banner Stand

Impact Lightbox Backlit Banner Stand

Our New Impact Lightbox Backlit Banner Stand is the illuminated stand you've been waiting for. A completely toolless setup, LED edge lights are pre-installed on the spine of the **80mm profile**, making it perfect as a double-sided lightbox. The lightweight aluminum frame has a smooth outside finish, with two feet for stabilization. Custom SEG Dye-Sub Backlit fabric graphics are easy to install by pushing silicone edges into frame's recessed grooves.

Our 3-Pack package includes three lightboxes to create a large double-sided backlit backwall!

Aviatrix Backlit Tower Display

The Impact Aviatrix Ellipse Backlit Tower commands attention as a backlit 6'w x 8'h double sided tower. Aviatrix Ellipse makes a great addition to any display space at a remarkable value. The frame is constructed in the U.S. of top-grade aluminum tubing and entirely covered with highly saturated backlit dye sub graphics. The fabric is expertly finished specifically to each frame. Since your frame is fabricated in the same place the graphics are designed, printed and cut they are a perfect fit. Frames set-up easily in minutes with a quick-connect tube frame system and pillowcase design graphics easily slip over and zip tight for a clean presentation. Lightweight, full-sized displays that will not break the budget! Impact Aviatrix Ellipse, a tremendous value with zero sacrifice to design and quality.
