

3×7 Impact Luminary Light Box

3×7 Impact Luminary Light Box

Illuminate your graphics with our freestanding Impact Luminary Light Box backlit LED displays. By illuminating the fabric graphic with LED lights on the inside, attention is increased exponentially on the outside! There is no better or cost-effective way to stand out from a crowd than with a back-lit trade show display. Our LED back-lit displays combine the radiance, harmony and durability of back-lit LED technology with the crisp dimensions of a tension-fabric display. New technologies in digital printing and advanced media have helped make these back-lit displays far more affordable today and with improved quality. Changing your graphics out is also easy and economical using our signature silicone edge system. The Impact Luminary Light Box are the same high quality pieces that you would see in shopping malls, airports and sports stadiums. Don't see your size here? Call us for custom sizing options.
