# Impact “Step and Repeat” Banner Stand

## Impact “Step and Repeat” Banner Stand

Our Step & Repeat Banner Stand is a backdrop that displays the logo of one or more sponsors in a repeated step or diagonal pattern. (Also using your Company Logo) They are great for Red Carpet Events, Venue Entrances, Upscale Parties, Celebrity Appearances, and Conferences. They come in a carry bag that allows for easy transportation and is easy to set-up.

This large sliding banner frame is a great alternative to standard pop up backwall displays for displaying a step-and-repeat design. The Sliding frame can adjust to hold a minimum 60”w x 40”h banner up to a 96”w x 120”h banner. Pole pockets are sewn on top and bottom to secure the fabric print to the frame. The frame is constructed out of telescopic poles that slide, allowing multiple graphics sizes to be used on the display. Setup and breakdown are as easy as setting up the frame and sliding the banner’s pole pockets through the poles, while breakdown consists of just reversing the process and packing everything neatly into the included canvas carry bag.

Our clients love the step-and-repeat backdrop for creating a neutral backdrop, while also allowing your logo, product name, or slogan to be visible and present to an audience. This is perfect for photo opportunities and presentations where you want the focus to be in front of the graphic. And while the step-and-repeat graphic is the most popular style of graphic with our customers, any custom graphic can be printed on the banner material.

## Impact Hurricane Outdoor Banner Stand Display

### Impact Hurricane Outdoor Banner Stand Display

The Impact Hurricane is our premium outdoor banner stand - built to stand up to outdoor conditions, including wind, sun and rain. Designed for high-traffic areas, the Impact Hurricane has an integral weighted base that uses water for ballast. It can be emptied when not in use and is stable but easy to transport. The graphic is printed using durable eco-solvent inks on 13oz scrim vinyl. It supports 2' x 5' to 3' x 6' banners and we double weight the attachment points and use heavy-duty, hand pressed brass grommets for durability. The Impact Hurricane base measures 14" W x 7" H x 17"D.
