## **[Xpressions Snap Connex Fabric Displays](#)**

### **Xpressions Snap Connex Fabric Displays**

Xpressions CONNEX transforms the Xpressions SNAP! pop-up into an exciting modular display system perfect for trade show or event environments. The key to unlocking your creativity is a simple innovation to the Xpressions SNAP! frame: a simple clip on the hub and the addition of a trapezoid and square connecting shelf along with the original rectangular shelf.

Connecting the frames at different angles or in straight lines adds yet another dimension to the

Xpressions® exhibit. Dynamic connecting skins are used in combination with square, trapezoid or rectangular connecting shelves to create dramatic inline spaces, concave and convex configurations. Even create octagon islands for events.
