

## [Outdoor Storm Flag Banner](#)

### **Outdoor Storm Flag Banner**

Our Storm Flags provide tremendous visibility and will make your outdoor event or promotion a success. These are great solutions for busy promotions or events with significant drive- or walk-by traffic. They are also an excellent choice to complement events held in larger indoor spaces, where a typical indoor display alone might not give you the impact you need.

For the single-sided flags, our inks heavily saturate the material to create a “bleed-through” effect for our single-sided displays such as this one. For the double-sided feather graphic, we print two (2) separate flags, and we place silver-gray blocker material in the middle. All 3 pieces of fabric are sewn together to create a non-see-through double-sided banner flag.

We offer our flags as kits, complete with flag pole, spike or X-base, graphic banner and carry bag. The flag pole can be attached to an existing display or structure for support, mounted onto a stake or one of our optional bases. We offer an assortment of bases - from stakes to folding cross bases to water bases - depending on how you plan to exhibit the flags.

### **Includes:**

- Aluminum Pole
- Spike or X-Base
- Printed Banner (Single-Sided - S-M-L or Double-Sided - Small Only)
- Black travel bag (36 1/2" x 10" x 4 1/2")

### **Total Display Size:**

Width (including base): 55"

## [Outdoor Falcon Flag Banner Stand](#)

### **Outdoor Falcon Flag Banner Stand**

The Falcon Flag is available with either a spike base or an X-Base in 7ft and 13ft heights. The spike base is perfect for soft ground such as grass or dirt, while the X-base is great option for placing the flag banner on any concrete or other hard surfaces. The banner design is customized to your graphic artwork, and is printed on a polyester mesh by the process of dye sublimation. For our single-sided displays, our inks heavily saturate the material to create a “bleed-through” effect . Black flag trim is sewn on the edge of the graphic (pole-side), leaving a pocket for the pole insertion. A set of grommets are installed on the bottom of the trim in which the short bungee cord (included) can loop through and snugly attach the graphic to the base.

### **Package includes:**

- Pole
- Spike Base or X-Base (Flag can be used interchangeably with either)
- Printed Banner (Single or Double-Sided)
- Nylon Bag

**Wind Speed Rating:** 18 - 23 mph

**Warranty:** One (1) year on hardware and graphics

**Price:** \$159.00 - \$311.00
